

Did you know?

Dental disease causes **chronic inflammation** in the mouth which can spread to **ALL PARTS OF THE BODY**, in particular the **KIDNEYS, LIVER & HEART**. It can also result in:

- 1) Behavior changes
- 2) Lameness
- 4) Deteriorating eye sight
- 5) Hearing loss
- 6) Senility issues... and the list goes on...

However, dental disease is the most common **PREVENTABLE** condition in dogs & cats !!!

Can you even look in your pet's mouth?

Are you worried your pet's dental disease is already moderate-severe?

Learn **ALL** your options, **NOT JUST** \$600-\$3000 anesthesia surgical extractions!!!
